St. Paul warns today about conforming to the age. The present age is marked by the fears connected to the pandemic and a growing sense of isolation, a pernicious kind of separation from others and from the culture and faith that have formed us. In faith we have connected more deeply through prayer for each other and by enduring the sacrifices to keep others healthy. That is the lifestyle of a Christian.

### Prayers of the Faithful

For Pope Francis, leading Christ's Church in hope and condemning the persecutions carried out daily against Christians. We pray to the Lord.

For Bishop Christian as he continues to visit the parishes, getting to know the people of the Diocese and giving hope to all of us. We pray to the Lord.

For people around the world working on a vaccine against the corona virus and for the many people whose lives are still impacted by the pandemic. We pray to the Lord.

For teachers and officials and support staff preparing for the opening of schools and for the health and safety of our children and grandchildren returning to school on September 8<sup>th</sup>, the Feast of the Nativity of Mary. We pray to the Lord.

For the health and safety of voters and of the people who will prepare and work on the upcoming election on September 14<sup>th</sup>, which is the Feast of the Exaltation of the Holy Cross. We pray to the Lord.

For people in need of our prayers today, especially those near death. We pray to the Lord.

For those who have died NN..... and for their families and friends. We pray to the Lord.

### Introduction to the Prayers of the Faithful

*"We can't think of the Christian life apart from this path. There is always this journey, a journey that He (Jesus) took first, the journey of humility, the journey, too, of humiliation, of denying oneself, and then rising. **But this is the path.** Without the Cross, the Christian style is not Christian, and if the Cross is a Cross without Jesus, it is not Christian. The Christian style takes the Cross with Jesus and goes forward - not without the Cross, not without Jesus." Pope Francis*

A new month begins on Tuesday. With September comes the opening of schools and a provincial election. These are very welcome signs that small battles are being won in the war against COVID-19. But does it mean that we are on the verge of "business as usual"? People speak of a "new normal" which will define the way we live. The old normal would work quite well if it is done, as Pope Francis suggests, i.e. to live in the Christian style where the cross enables us to be humble and to sacrifice for others and Jesus always gives us reason to hope.
